## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

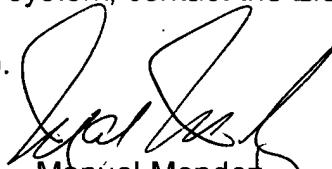

The prior art of record does not disclose or suggest a method for improving cardiac function comprising the steps of inserting a tensile member into a patient and inserting the tensile member into the patient's heart so as to bring opposite walls of each ventricle of the heart into contact with one another to thereby constrict and close off lower portions of both ventricles of the heart. Concerning claim 9, the prior art does not disclose the step of bringing opposite walls of at least one ventricle of the heart into contact with another to thereby reduce the volume of the at least one ventricle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
